

STONING OF CARS RENEWED

Alleged Strikebreakers Fire Into Crowd Wounding Six

FEW MINOR OUTBREAKS

Police Claim Men are Returning to Work—Trouble at Baseball Park.

Philadelphia, March 9.—Six persons, including a little girl, were wounded last night by bullets fired by a party of alleged strikebreakers, who rode wildly up and down Frankford avenue in a trolley car and shot into the crowds that lined the sidewalks.

After one of the most uneventful days since the beginning of the strike, the stoning of cars was renewed last night along Frankford avenue, the principal thoroughfare in the mill district in the northeast. A stone thrown by one of the crowd injured a strike-breaking motorman. Infuriated at this, a crowd of about 15 of his comrades took out a car, all of the windows of which they broke with their clubs. As the car loaded with armed strikebreakers sped down Frankford avenue, bullets were rained at the jeering crowd.

Policeman Bragg, of the Frankford district, who was standing on the sidewalk, received a bullet in his helmet, about an inch above his head.

Helen May, aged 14, was struck in the leg by a bullet. John Maloney, aged 18, and Michael Osborn, aged 24, were also shot in the legs, and Frank Bromley, aged 23, received a bullet in his foot. Those wounded were removed to the Frankford hospital. Two other injured were taken to their homes.

After reaching Allegheny avenue, the car was switched to the north-bound track by its crew and the dash back to the barn began. So swiftly was it driven that before the crowd realized that it was coming back, it had swept past them and into the barn again.

The shooting of inoffensive bystanders worked the crowds to a high pitch of excitement and as other cars came down the streets, the mob proceeded to wreck them, in several instances leaving only the tracks on the rails. About a dozen arrests were made.

There were a few minor outbreaks in the downtown district late last night.

The labor leaders, after receiving reports from the secretaries of many local unions today, reiterated their claim of 125,000 on strike, and said that many additional recruits will leave work today.

Director of Public Safety Clark, on the other hand, said today that a canvass of the city's industrial establishments made shows that while 10,000 workers walked out yesterday, 24,000 strikers returned to work.

Leading manufacturers of hosiery met today and decided to close down their plants, employing 20,000 workers, until Monday. The employers said that 500 "boarders," who are in the sympathy strike, made this step necessary.

Some of the union taxicab chauffeurs who struck in sympathy with the carmen, are showing a willingness to return to work. One of the taxicab companies reports that 20 of its men desired to return to work, but the company hesitates to start out its cabs because of the fear that they may be damaged by strike sympathizers. Cab service is in the mercurial demand because of the crippled street car service.

A few men employed in the Baldwin Locomotive Works walked out yesterday.

W. D. Manton, president of the Amalgamated Association of Street and Electric Railway Employees, announced that he had received a telegram from Samuel Gompers, president of the American Federation of Labor, who is in Chicago, telling him that all the organizers of all the trade unions in the federation had been asked to come here to accept the nomination for the sympathy strike.

Labor leaders intend to seize the present opportunity to organize the sympathy of the workers of the city. Philadelphia has always been known among labor people as a union city.

The sympathy strike has created a new contest, a fight for the open shop, by employers who have had working agreements with unions. When the strike was called, many unions were working under hard won trade agreements and hesitated about going out in sympathy with the strikers.

DRYS VOTED SOLIDLY AGAINST REPEAL OF COUNTY LOCAL OPTION

Columbus, O., March 9.—Without the pronunciation of a syllable from the opposition, and with only a short address by the author, the local option bill was defeated for the second time, and by the same vote in the senate. The result of a call of the roll was 15 negatives votes against 16 in its favor. A motion to reconsider was also lost by a vote of 19 to 14. The change in this vote came from Senator George Ceto, of Montgomery county, who voted against the reconsideration.

The senate chamber was filled to its capacity an hour before the bill was ready to be considered. It was a special order for 2 o'clock, but it was a few minutes after that before it was reached. Subsequent to the third reading, Senator Thomas A. Dean, of Sandusky county, made an address. The defeated measure was a proposed amendment to the local option law. It provided that when a county voted dry and the municipality therein voted wet they could so remain.

Senator Dean, in his talk, told that the bill was discussed the length and breadth of the state. He based the principles of his amendment on home rule, and declared that the Repeal law was not practical in its operation. Further than this, the declaration was made that substantially as much liquor was being sold in the dry counties as ever, and the municipalities suffered because of the loss of revenues.

Furnishing figures, Mr. Dean stated that 24 of the larger cities in the state, with an approximate population of 570,000, gave a wet majority of over 25,000 votes in the county local option elections. Of the 27 counties which have voted dry, 12 show an increase of from one to

fourteen mills in the tax rate for 1909, compared with the previous year. This is in addition to large bond issues in nearly all of the counties, ranging from \$25,000 to \$147,000.

As to the social features, experienced from the operation of the bill Senator Dean had data to show that drunkenness had not been abolished as the friends of the Repeal law had hoped, in 65 municipalities, and in 49 it had decreased only slightly.

His data availed nothing, however. When he sat down the chair once more announced the third reading of the bill, and the question of passage was on. The spectators, as well as the members, glanced about to hear from the dry side of the measure. Not a word was uttered. As the clerk called the roll there was not a particle of change from the line-up of a year ago. The same statesmen who defeated it then gave it the same consideration yesterday. The result showed as follows:

Yeas — Bader, Baker, Ceto, Dean, Gillette, Huffman, Johnson, Keller, Kuhl, McKee, Mathews, Mendelson, Mooney, Shaffer, Thompson and Young—16.

Nays — Aldorf, Beatty, Cameron, Cleveland, Cory, Crawford, Deaton, Duval, Gotschall, Lawyer, Mathey, Mather, Patterson, Phares, Rathburn, Tod, Tuttle and Williamson—18.

Upon motion of Senator Marshall N. Duval, of Jefferson county, a reconsideration was lost by a vote of 19 to 14, Senator Ceto voting with the dry side. He gave as his reason that the bill was killed twice since he has been a member of the senate, and there was, to his action, no further use of fooling with it.

WANT TO BE SHOWN

Washington, March 9.—After listening today to a critical analysis of Commander Peary's narrative of his Polar expedition by Representative Macon (Dem., Arkansas), in which the congressman put Peary in the Dr. Cook class, the sub-committee of the house naval affairs committee voted unanimously not to take action on any of the various measures introduced to reward the explorer until actual proof of his alleged discovery of the North Pole is submitted.

PORK PRICES ADVANCING

Chicago, Mar. 9.—Values for hogs went up so rapidly in the stock yards today that the trade early stopped maximum limit for the day. At noon the highest price reported was \$10.75, an advance of 40 cents a hundred pounds over yesterday's prices and a new record figure.

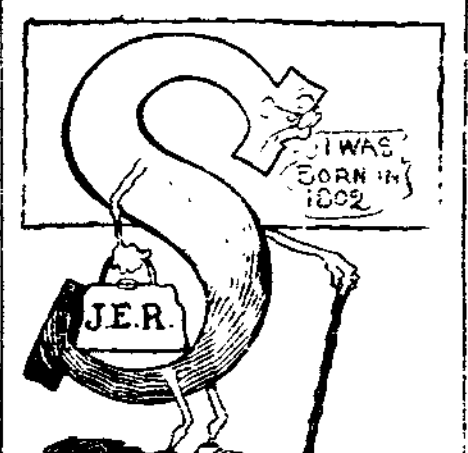

Receipts of 16,000 head, when 20,000 had been expected, started the wildest and most sensational market in the world. One seller demanded \$10.50 for his hogs, but found no buyer.

MEN OUT ON STRIKE

Philadelphia, March 9.—At 1:20 o'clock this afternoon the doors of the Baldwin Locomotive Works, employing 12,000 men, were thrown open and 1200 workmen marched out of the plant on a strike. The labor leaders declare 1000 have already gone out.

The strike leaders have been giving special attention to this plant, which will be conducted as an open shop, and have picketed it day and night. Great bands of strikers with American flags, have been stationed about every window, urging the workers to strike.

MINT, FOR WHICH FEARS WERE FELT, AND SCENES IN PHILADELPHIA STRIKE

Philadelphia, March 9.—Fear of damage to Federal property, especially to the great United States mint, the largest in the country, led to the taking of steps by the United States authorities for its protection by federal troops. The mint is situated on Spring Garden street and is one of the show places of the city. The principal factor for the making of the metallic money of the United States has been situated in Philadelphia since 1792, and the present building dates from 1901. It was then called the largest and most important building in the world. Discouragements in the streets continued. In one of the pictures two policemen are seen arresting a strike sympathizer. The little group is marked with a cross.

LIGHT SENTENCE IS PREDICTED FOR THE RUSSIAN FARCICAL TRIAL

Lemberg, Austria, March 9.—Private advices received here today from St. Petersburg say that the evidence against Nicholas Tschakovsky and Madame Catherine Breschkovsky, or secret trial for alleged criminal revolutionary activity, is so farcical that there is strong hope that the prisoners will either be acquitted or given light sentences.

A verdict is expected shortly, and all of the evidence is in.

DIAMOND MYSTERY MAY BE CLEARED

Chicago, March 9.—Captain of Detectives Wood declared today that in the arrest of Charles Rosenberg, in the Saratoga Hotel, here, the mystery of the \$40,000 diamond robbery in the Hotel Corning, New York, on Dec. 11, has been solved.

Mrs. Jenkins will probably be sent to jail for 10 days for her part in the robbery. Her husband, who was arrested with her, will be released.

VALUABLE PAPERS IN THE PICTURE

Washington, March 9.—It was learned this afternoon that President Gompers, of the American Federation of Labor, upon his return from his conference with labor leaders at Chicago, will go to Philadelphia. Whether or not he will assume the personal charge of the strike there depends upon developments.

FUNERAL OF THOS. C. PLATT WAS HELD IN OREGO.

Greenwood, Miss., March 9.—Parson Wallace, a new preacher, was taken from the country jail and lynched here shortly before noon today. A death watch had been maintained at the jail since an early hour last night. Wallace engaged in a revolver fight with a jailer in which both were seriously wounded. The mob surrounded the jail but was kept quiet by a statement by the sheriff that Wallace would probably die. When it became known he might recover, the mob took him from the jail. The officer shot by Wallace will recover.

GIVE UP FIGHT ON OCTOPUS

Beef Trust Still Doing Business at Same Old Stand

PRICES STILL SOARING

Meat Boycott Has Gone the Route of Most All Noble Crusades and is Dead Issue.

New York, March 9.—An investigation today by the United Press to learn what has become of "the great meat boycott of 1910," launched two months ago, to bring the beef barons to their knees and the prices of the products down within the workingman's reach, revealed that the movement has gone the route of most noble crusades, and that the objective of the attack, the beef trust, is still doing business at the old stand.

The big petitions beginning so grandiloquently: "I hereby pledge myself to abstain from all meats, etc.," have disappeared and the pretty women who, after haranguing the crowds in all of the public places in the city and obtaining through most eloquent persuasion thousands of names, have given the fight on the octopus.

The price of all meat products today higher than before, and the beef trust is busily engaged in making the crusaders pay the freight, the crusade. For a few days prices were lowered in some cities, when the supply in the local market had been reduced, prices began to soar, until today beef, lamb, mutton and poultry are bringing 3c. to 5c. more a pound than they were quoted at last December, while pork products have almost doubled in price, with the ten dollar hog in evidence.

St. Louis, March 9.—Although the agitation against the high price of meats that resulted in boycotts being declared all over the country is not attracting the wide attention it held for a time in St. Louis, investigation today shows that the boycott has not been a failure. Butchers say they believe those who joined anti-meat movement are standing by the resolutions they signed, for the sales are still below normal. Prices slumped slightly at the outset, but have now regained their former level. Pork and poorer grades of beef have advanced slightly. In view of this fact, an investigation is now on foot looking into the charges that local packers are in a combine to control prices. Testimony is said to have been to the county attorney by retailers and employees of certain packing houses, tending to show such a combination.

NATIONAL STRIKE

Endorsed by State Federation of Labor in Session Today at New Castle, Pa.

New Castle, Pa., March 9.—Declaring that the only remedy for the Philadelphia strike, should arbitration be refused, would be a national strike, President W. D. Mahon, president of the Street Car Men's Union, suddenly approved at the session of the State Federation of Labor here today, taking the convention by storm. He asked that a motion be presented endorsing a national strike, it was at once adopted, and a committee of nine appointed to take action.
